Co-Founder
The Lucy Leadership Project
MEEA Advisory Board Member

Dr. Kendra Washington-Bass is an experienced educator, former principal, district administrator, executive coach, and national facilitator with more than 30 years in education. Her work focuses on helping leaders align who they are with how they lead, particularly in complex and high-pressure environments.

As a certified CliftonStrengths coach, she supports leaders in leveraging their strengths to build clarity, resilience, and confidence. Dr. Washington-Bass is known for creating spaces where leaders can reflect honestly, reconnect to their purpose, and develop practical strategies for sustainable leadership.

She has facilitated leadership development across school districts, state agencies, and national organizations, helping leaders strengthen their impact while protecting their well-being.

Rooted. Responsive. Resilient.
